At Flatirons Golf Course, we highly value our role as a community golf facility. It is important that a community golf facility provide ample opportunities for beginners to learn and play golf.

This brochure is designed for those looking to take lessons through an organized program designed by PGA Certified Golf Professionals.

Why and what are your “organized Thursday group lessons?”

We have created a four lesson series for each month that will cover the basics of each shot and fundamentals to help teach you the golf swing, or further your understanding of the game. Each lesson is separate and designed to teach a specific part of the game.

Participants do not need to take the lessons in any order, or pay for more than one lesson at a time. This is a convenient way for people to meet other golfers and save a few dollars while getting Professional instruction.

The schedule is as follows each week:

Lesson 1- Putting/Chipping/Pitching
Grip, Aim, Stance and Posture.

Lesson 2- Chipping/Pitching/8 Iron
Half swings and club performance leading to the full swing.

Lesson 3- Pitching/Irons (full swing)
Half swing to Full Swing transition

Lesson 4- Irons/Woods (Full swing)
Complete full swing lesson
